The International English Language Testing System (IELTS) is designed to help you work, study or migrate to a country where English is the native language. Your ability to listen, read, write and speak in English are assessed during the test. IELTS is graded on a scale of 1-9. Each grade corresponds to a CEFR level. Hunimed organises IELTS preparation courses every academic year, in the second semester.

OET is an international English language test that assesses the language communication skills of healthcare professionals who seek to register and practise in an English-speaking environment. OET has been developed specifically for 12 healthcare professions and the tests reflect real workplace tasks and relevant language skills. The test covers all four language skills with an emphasis on communication in a healthcare environment. Hunimed organises OET preparation courses every academic year, in the second semester.
