

Academic year 2020-2021

Travel Grant Projects

Students Travel grant projects

Travel Grants are aimed at funding thesis, research or clerkships projects abroad. Students will be considered eligible from the 2nd year. However second year Medicine&Surgery students will only be considered if they present a project to be performed in research labs.

Projects can be developed by students with foreign institutions directly or proposed to students by Humanitas University. In the latter case students can be requested to meet further requirement concerning the academic career.

How to apply

Interested Students should present a short summary of the project to the President of the Degree Course. A commission of professors will evaluate the merit and quality of the project. After the evaluation, the Commission will decide whether the project has the merit to be funded or not.

Students are required to send project summaries from March 22nd 2021 until April 22nd 2021 at www.hunimed.eu/travelgrant

Each Project deemed satisfactory for quality and education goals will be funded on the basis of estimated traveling, board and lodging costs up to the limits specified in table 1.

Selection of students

If the number of admitted projects will exceed the available funds, Travel Grants funds will be allocated to students according rules as follows:

- Medicine&Surgery: students of the higher years (4th, 5th, 6th) will be considered first.
- students participating for the first time will be considered prior to students already assigned with travel grants fund in the previous academic years.
- students who have been travel grant assignee twice or more are not allowed to take part in this call.
- grades and CFU acquired will be considered if a further selection among students is needed.

Documents to be provided before leaving

For approved projects, students must provide the international Student Office with the letter of acceptance issued by the foreign Institution. Projects without an acceptance letter will be disqualified.

Allowance

Selected students will be entitled of fixed allowance whose amount is related to the country where the project will take place. The amounts of the allowance are reported in Table 1.

The allowance will be paid after the completion of the project on the basis of:

- final report of the project to be drawn up and provided to the University within 3 weeks after the end of the experience;
- certificate of staying released by the hosting institution;
- joining the 2020/2021 Travel Grant Program debriefing meeting to discuss about the experience and further improvements. Date to be defined.
