

**NOTIFICATION OF CALL FOR APPLICATIONS FOR
ADMISSION TO
LEVEL I PROFESSIONAL MASTER'S PROGRAM IN
"ADVANCED TECHNOLOGIES IN REHABILITATION"**

A.Y. 2021/2022

Art. 1 – Level I Professional Master’s program: objectives

The Master’s program provides participants with theory, rationale, scientific evidence, and applications of technologies used in motor rehabilitation. It is suitable for physiotherapists, occupational therapists and bioengineers who are interested in gaining more knowledge in the use of technologies in rehabilitation as tools for instrumental analysis of motor function and for supporting rehabilitation planning.

This one-year professional Master’s program is taught in English and is directed by Professor Maria Chiara Carrozza (Full Professor at Sant’Anna School of Advanced Studies and Scientific Director of the IRCCS Don Gnocchi Foundation) and Professor Roberto Gatti (Associate Professor at Humanitas University). The academic staff of the Master’s program is composed of international experts in the application of Advanced Technologies in Rehabilitation.

The number of places offered is 30; a minimum of 20 participants is required to activate the Master’s program. Humanitas University reserves the right to verify whether conditions exist for expanding or restricting the aforementioned number of participants.

The teaching activities are organised over 6 weeks from January 2022 to October 2022; the Master’s programme also includes 4 weeks of internship in one of the partners’ laboratories from May 2022 to December 2022. Other structures meeting the requirements could also be considered for the internship period.

Attendance is mandatory. A certificate of attendance equal to or greater than 75% and passing the final examination entitles the student to be awarded 60 ECTS (University Educational Credits).

Art. 2 – General admission criteria

Applicants must hold a 1st or 2nd Cycle Degree in Physiotherapy, Occupational Therapy or Bioengineering. Applicants who obtain their degree after the application deadline can still apply and, in case of admission, they will be able to enrol on the Master’s program under condition.

Art. 3 – Selection procedure

A ranking list will be drawn up after a public selection procedure based on the candidates' qualifications and a written examination, which will be assessed according to specific criteria defined by an appointed Evaluation Commission. The written exam will consist of 30 questions on the contents of five scientific articles on technologies and rehabilitation. Humanitas University will make the five scientific articles on technologies and rehabilitation available by 15th September 2020. In the event of candidates ranking equally for the last available place, the youngest candidate will be admitted.

If one or more candidates withdraw from the procedure, the places available will be offered to the candidates in the successive ranking positions until all of the places are filled.

Art. 4 – Application for admission to the selection procedure

The application for admission to the selection procedure must be submitted **no later than November 15th, 2021 at 13.00 CEST**, following the online procedure described below:

1. Register at the Humanitas University website at <https://humanitas.esse3.cineca.it/> (after registration, candidates will receive a username and password to access reserved areas of the site);
2. Enter the reserved area of the site using the username and password and complete the application by attaching the documentation listed below in .pdf format (each file should not exceed 2 MB):
 - a) Application for admission (Annex A) completed, dated and signed
 - b) Short Curriculum vitae and studiorum
 - c) Copy of a valid identification document

Pursuant to the Decree of the President of the Republic n. 445/2000, the declarations made in the application for admission may substitute certifications.

You may change the details entered only prior to application submission.

Art. 5 – Ranking order

Eligible candidates are admitted to the Master's program according to the ranking order up to the number of available places.

The ranking list will be published on the University website at <https://www.hunimed.eu/course/master-in-advanced-technologies-in-rehabilitation/>.

The publication is valid to all purposes as official notification of admission to the winning candidates.

Candidates admitted to the Master's program will no longer be eligible if they do not complete the enrolment procedure within the time set for enrolment. In this case, the successive candidate will take their place according to the ranking order.

In case one or more candidates withdraw from the enrolment procedure, the places available will be offered to the candidates in the successive ranking positions until all the places are filled.

Art. 6 - Enrolment

Candidates admitted to the Master's program will no longer be eligible if they do not complete the enrolment procedure at the following link <https://humanitas.esse3.cineca.it/Home.do> within the indicate deadline on the course website.

Candidates who obtain their degree after November 15th but in the current calendar year and are admitted to the Master's program, can enrol under condition. Those candidates will have to provide proof of their academic qualification by the beginning of teaching activities, under penalty of exclusion from the course.

The enrolment fee is €3,500.00 (three thousand five hundred Euro), which can be paid in two instalments:

- € 2,000.00 on enrolment;
- € 1,500 by the 31st May of May 2022

In case a participant withdraws from the course before 25% of the training has been completed, the student at the top of the list of excluded candidates will be admitted.

Withdrawal from the course does not entitle participants to a refund of the fees paid.

Art. 7 – Forfeiture of benefits and causes of exclusion

The Administration reserves the right to carry out checks and pursuant to art. 75 of the D.P.R. 445/2000, the declarant shall forfeit entitlement to any benefits ensuing from the provision issued as a result of false statements.

Art. 8 – Processing of personal data

Pursuant to Legislative Decree no.196/2003 regarding the protection of personal data and EU Regulation no. 679/2016 and subsequent amendments, the University undertakes to respect the confidential nature of information provided by candidates: all data provided will be processed only for the purposes of the call for applications and University matters, in compliance with the provisions in force.

Art. 9 – Procedure manager

The procedure manager is Paola Antonicelli. For further information, please call +39 0282245609 or send an email to master@hunimed.eu.
