Medicines

What kind of services does private health insurance normally offer?

- Hospitalization in case of emergency
- Specialists contacts
- Network of affiliated clinics

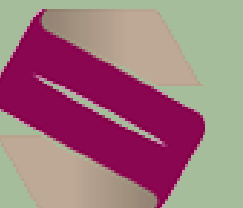

GENERAL PRACTITIONER

what is his/her role

The main task of the general practitioner is to protect health by making diagnoses and prescribing the most suitable treatments.

- Checkups
- Your GP is the gatekeeper for specialist visits: you need his/her prescription for specialist and diagnostic examinations
- You need his/her prescription (ricetta) also to purchase some specific medications at the pharmacy
- Swab test

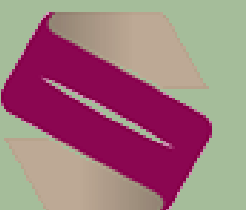

GENERAL PRACTITIONER

how to choose yours

Check this link www.ats-milano.it/portale/Cerca-medico-o-pediatra and select your location: a list of available GP will appear.

QUICK SUGGESTIONS:

- Proficiency in English (opt for younger physicians)
- Practice located near HU/your accommodation
- Check the schedule
- Check if he/she works with other practitioners

WHAT TO DO IF YOU SUSPECT YOU HAVE CORONAVIRUS?

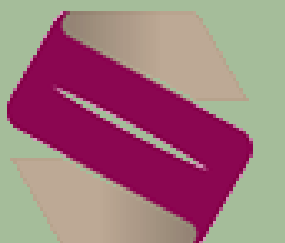

- You should get tested if you have been in contact with someone who has been tested positive, or if you have symptoms (fever, coughing, tiredness, loss of taste or smell ecc).
- Call your GP: he will inform ATS and you will be contacted for the swab test **FOR FREE**

MEDICATIONS

Some drugs considered “life-savers” are free or on payment of a co-pay fee (the so called “ticket”). Other medicines are not included in the services of the SSN and have to be paid entirely.

“Over-the-counter drugs” may be sold without medical prescription on payment of the entire price.

FASCICOLO SANITARIO ELETTRONICO

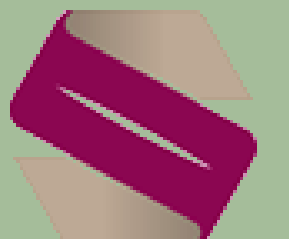

WHAT IS IT? It is the tool with which you can access to your medical history

HOW CAN I REGISTER? You can sign in with your

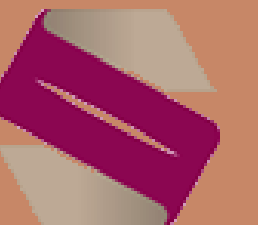

spod

WHAT SERVICES DOES IT PROVIDE?

- View your health documents online (e.g. discharge letters, first aid reports, etc.)
- Consult your electronic recipes and book specialist examinations prescribed by your GP
- Check your swab test result
- Change your GP
