

RESIDENCE PERMITS VALIDITY EXTENDED

By means of Law Decree no. 2 of January 14th, the validity of residence permits expired last year and in the first 4 months of 2021 has been extended to April 30th 2021.

This extension is valid **ONLY** across the Italian territory: you cannot travel outside Italy with your expired residence permit.

As non-EU, you will need the Postal receipt for travelling to non-EU countries and you will not be allowed to travel around the Schengen Area during the renewal process (expect for 1st year students who hold a valid VISA).
