

The courses are organised periodically by the language centre in collaboration with Humanitas Edu. Courses can also be arranged on request.

As we are a small University, we may not be able to offer fully homogeneous language class levels. However, all our teachers adopt inclusive teaching methods in a supportive learning environment to ensure that all class members make progress in their language learning.

To join a course, students are required to select the appropriate level for the courses through a self-assessment grid based on the Common European Framework of Reference (CEFR) available at this link and enrol at [www.humanitasedu.it](http://www.humanitasedu.it).
