Art. 1. Categories and Value of Scholarships

The seven (7) available scholarships are as follows:

- One (1) **full scholarship**, funded by **Fondazione Rocca**;

This contract must be submitted by October 13th 2023; otherwise the awarded student will not be able to receive the additional aid of € 6,000.00.

² If the candidate's family unit earns income and holds estate properties or assets abroad, he/she will be required to submit the documents specified in the Fees Regulation for the evaluation of the income category. The University will therefore define the ISEE 2023 equivalent.

Scholarships will be renewed for each academic year until graduation, according to the criteria established in the Art.4 of this Regulation.

As established in the Art. 5, Humanitas University will undertake fiscal burdens in terms of taxation for each scholarship - provided for by the regulations in force.

Art. 5 Tax implications of the scholarship

In order to **ensure a net amount exemption equal** to what is specified in art. 1 of these Regulations, Humanitas University undertakes fiscal burdens in terms of taxation for each scholarship - provided for by the regulations in force.
