Art. 1 Purpose and Objectives

For the academic year 2024-2025, Humanitas University offers its students the opportunity to apply for Africa Honor Track (hereinafter Africa HT).

The program will be held in cooperation with partner organizations:

- Changes Onlus operating in the Medical Center St.Paul in Andasibe-Ampefy, Madagascar,
- St.Gaspar Hospital in Itigi Tanzania

Purpose:

- Offering students the opportunity to make an experience in rural settings, acquiring knowledge on managing diversified medical and surgical cases correlated with the local prevalent epidemiology;
- Offering students the opportunity to learn how to adapt their clinical and technical skills in a settings where a lower level of medical equipment is available;
- Raising awareness of social and ethical aspects of the medical profession in a different cultural frame;
- Understanding the organization and work of healthcare facilities in the specific context;
- Supporting students in making a more informed choice toward a possible future career as a medical doctor, nurse or physiotherapist in the international organizations which operate in rural areas with a lower level of clinical and technical resources.
- Improving one's curriculum vitae: in many countries the selection process for postgraduate programs begins with an initial evaluation of the curriculum vitae, therefore, making the acquisition of additional credits is a valuable asset in the selection process

Art. 2 Activities

Africa HT will imply the compulsory participation in the direct field experience of 4 weeks in one of the partners' clinical facilities with the supervision of a tutor (Table 1)

HTs are designed to provide 10 CFU/ECTS that are recorded in the diploma supplement as a part of the student's learning pathway.
